

# **SREYA FOUNDATION**

## **ANNUAL REPORT 2024-25**

### **Introductory Information about the Organization**

#### **General Introduction about SREYA FOUNDATION & Its Activities**

With a strong strive to serve the society, the Sreya Foundation has taken its inception in October 2007 vide Registration number 416/07. The Foundation was registered as a TRUST with a broader objective to serve the society through Education and Voluntary Services. The Founders of Foundation, with their privilege of experience in National and International educational scenarios and vivid fields of academic excellence have contributed to the idea of the SREYA FOUNDATION with an intrinsic desire to serve and guide society in the direction of Education. The SREYA EXPERTS constitute a multi-disciplinary team of experts from various fields like Education, Psychology, Psychiatry, Special Education and Human Resource Management. The compendium of their expertise will aim in serving society in a non-profitable manner.

Sreya Foundation started with a Free day care center with two 2 Mentally Challenged Children at Anakapalle town, where there are no such facilities. Gradually we extended our services to 4 centres like Early Intervention Services, Day Care Centres and a Residential Rehabilitation Unit. We are providing Free Assessments, Interventions Plannings, Life Skills training, Therapeutic services, Vocational trainings, parents Counseling, Mid-day Meals, Uniforms & Transport etc completely free of cost.

We are conducting free Medical Camps, Awareness Programmes, and training programs for the Parents and siblings of these Mentally Challenged children.

We had constructed our own spacious disable friendly building for our Rehabilitation center at Kapuluppada in 1350 sq yds in 2011. We have a Special school in it for people with Intellectual Disability, Autism, Mental Retardation, Cerebral Palsy and Mental Retardation there. We are planning Rehabilitation courses affiliated with RCI to cater the needs of Human Resource Development in the said field. We want to extend our services to other disabilities too.

### **Broadly Speaking our Present list of Activities:**

- a. Provide Free Residential Care, Day Care and Home based training for the Intellectually Disabled (ID)

## **Organization Activities**

- Special Schools for Children with Intellectual Disabilities
- Conducting Screening camps for identification of children with IDD
- Training Parents on Home Management for the development of children with IDD
- Awareness Camps about the right perspective towards the IDD children from all sections of society
- Providing Health Insurance NIRAMAYA through The National Trust, New Delhi for all the children with IDD.
- Working closely with likeminded NGO's who are from the similar field for the upliftment of children with IDD.

SREYA FOUNDATION is the implementing agency on behalf of The National Trust, New Delhi for the Project Disha (Early Intervention & School Readiness Program) Centre and Vikaas (Day Care) March 2016. It has implemented SAMARTH centre at Anakapalle for 2 years with the support of National Trust and when the National Trust asked us to choose only one centre, we chose Disha Cum Vikaas centre and the Samarth centre is shifted to our own premises at Kapuluppada, Visakhapatnam with the name "Sreya Multi Service Centre" and being maintained by our own funds. Early Intervention and Sensory Integration, Special Education, Speech Therapy, Physiotherapy, Occupational Therapy, Music Therapy, Dance, Yoga and Pre Vocational Skills are the services provided at the centre.

## **Activities of the year 2024-25**

SREYA FOUNDATION has conducted the many programs from April 2024 to March 2025. To mention a few, following are some notables in addition to the routine school activities

1. Our Staff, parents and Kids arranged an Awareness walk in and around Pendurty area, Visakhapatnam with Placards on Mental Retardation, Autism & Cerebral Palsy and National Trust Schemes etc. on 08-03-2024 to create awareness to the community. We started this Awareness Walk as a monthly regular programme as a part of Awareness Creation and School Campaign. All the staff and Kids with Mobility are involved in it.
