From Secretary's Desk

On behalf of the Governing Body, it is my proud privilege and pleasure to present our Annual Report for the year 2023-2024. As Secretary of Motherchak Naboday Kishalay Sangha, I am overcome with emotions as I write this Annual Report. Every day at MNKS is a new day when it steps out into the field to face new challenges, new opportunities but always armed with new hope. MNKS is just not an organization working for those who suffer in our Society. What makes it a special organization is that it is one who has associates and collaborators with a heart, spirit and drive. I feel blessed because of the dedication of the staff, serving a truly deserving community and the overwhelming support we receive from our benefactors. Together, we are attaining synergy and success. I am truly humbled by the confidence you have shown in us, to carry forward Motherchak Naboday Kishalay Sangha legacy of justice, sincerity and freedom to the most marginalized and oppressed. Over the past year, the Board, staff and stakeholders repeatedly met to discuss and deliberate the myriad challenges confronting us, identifying strategic directions and developing a work plan to effectively address them. The staff took the lead and began work on the road map which includes reviewing and strengthening our welfare programmes and services. Some of our most important goals were to re-energize the Centre's efforts in monitoring, evaluation, accountability, communication, documentation and advocacy. We continued to play a responsible role in mobilizing and empowering the deprived communities through the expanse of our programmes and activities to address the root causes such as illiteracy, poverty, exploitation and violation of human rights. But some challenges we face are not in our control and leave us vulnerable. I cannot overemphasize the impact of climate change on the region and communities we work within. Let me share with you some organization's activities. In the last year we have undertaken various of activities including, skill development training programme for SHG women, Scheme for Adolescent Girls, a Home for orphan children with special need girls , promotion and celebration of cultural events, keeping up environment related issues, annual sports, creating and impeccable affect, creating an indoor space for sports. Skill training programmes have given the beneficiaries a different level of happiness and freedom. We have involved people to diversified socio-economic classes. We invite you to read this report, highlighting our services, activities and milestones that marked the last year. A sincere thank you to all our beneficiaries, associates, volunteers, partners and benefactors, without whose support, none of this would have been possible. With your continued involvement and support we look forward to another rewarding, hope-filled year.

Motherchak Naboday Kishalay Sangha

History of the Organization:

Motherchak Naboday Kishalay Sangha, MNKS in short was founded by a young man Mr. Bijay Krishna Raj of Motherchak Village with his young fellows in the year of 1985 to serve his fellow poor people. Agile and educated Mr. Raj with his devotion and commitment to the people and enabled them to cherish their dream of equity and justice. The tribal people who have been deprived for long years needed much developmental intervention. Hence to bring light to the obscure tribal land, MNKS was born. The light was and is for enlightening Dalits as human being who cannot be differed from any other people. MNKS has started reviving it's nod to defuse exploitations on Dalits. Under much disturbed socio-political conditions, the organization maintained its philosophy to help people in hunger and devastation. We the people of MNKS are not change agent; neither we are practitioner of salvation. We are just facilitator of development for the people, by the people of the people. The members of MNKS included many santal youth in rural sports like kabadi, wrestling etc. Enormous talents were found among santal youth which if nurtured properly with guidance and coaching, would help them to come out with flying colours. In gradual context, the organization could set some foot mark in the Endeavour of life enrichment for Dalits. MNKS set up its goal, tapped local govt. and non-govt. resources to find the means of enlightening peoples' lives. The Sangha has started with a dream to help the people who are in need and to ensure equal lives to all. Gradually the members of MNKS understand that they can help not just a community but to the society, finally the organization came into force as a registered organization in 2002. Age considers; youth ventures. After registration the process of participations of people in the target area for development process got roll on in the form of transcendental walk, PRA, need prioritizations, planning of the programme, execution, monitoring and ganging the impact. In the year of 2014 days passed and the organization took another feather in their dream by establishing a Home for Children with Special Need girls under Integrated Child Protection Scheme. Days passed, MNKS working hard since the very first time to help the people in need. Some of its previous activities are Catch the child early , CWSN Home for Homeless girls, Promotion and celebration of cultural events, Reacting unreached with the library service, Awarness campaign to ensure child rights, Swachhata Hi Seva, Organizing annual outdoor and indoor sports events, Skill development training programme for the women SHG, Helping the poor and needy children in their studies.

Activities of the organization

1. **Early childhood education (Pre-Primary Center) programme in collaboration with Shiva Charity (Bristol, U.K) under 'foreign contribution and regulation act' & it's service delivery system:-** Early childhood education(Pre-Primary Center) is the key to betterment of society. Educating the mind without educating the heart is no education at all, it's important to educate the purely innocent hearts of children and the intervention started 6 years back with three early childhood education centers at Pingla and three at Sabang Block of Paschim Medinipur district. There are 18 trained teachers and one supervisor to look after the whole thing. These Centers are still stepping forward with district output, so far 240 children have gone through this pre-school education system and 98% children are now in the formal schools, continuing their studies with no dropout rates among them. Proudly it's an outstanding move that 80% of these children belong to socially and economically backward families. Tiffin is providing to them. They are under 3 to 6 years old.
2. **'Scheme for adolescent girls and kanyashree prakalpa convergence programme', under govt. Of west Bengal & it's service delivery system :-**
The objective of the programme is to empower the adolescent girls to raise their voices and to demand their rights from the duty bearers, help adolescent girls to share their needs and issues, and work collectively to address the same to various government line departments so that they can access the services. This project has started in December, 2019 at Sabang, Pingla, Debra, Kharagpur-1 and Kharagpur Urban block of Paschim Medinipur district. 5 number of Project Co-coordinators and 11 Number of Field Facilitators are engaged to monitor the whole work from the ground level.

3. Multi Services Center for PWD:

The organization has conducted skill training programmes on Drawing, Yoga, Music, Education and Dance for the disabled persons. The programme was organized by our organization in collaboration with Lilabati And Phanindranath Day Memorial Trust. It helps to make them independent and self-sufficient.

4. Home for children with special need girls, under 'Mission Vatsalya', Govt. of India & its service delivery system -

The organization has been running a CWSN home for girls under Mission Vatsalya.

The CWSN Home was situated in the month of November, 2014. At first it was started with two deaf and dumb residents, Days passed those two became 54, amongst them 32 residents are intellectually disabled, 21 residents are deaf and dumb and the rest one is physically challenged. Our aim is to give proper care and

facilities to the children with special need girls because they also have the right to live like others do. We believe in, to be the reason someone smiles today.

Facilities provided under the Scheme:

- **Indoor and outdoor games facility within the CWSN Girls Home :**

- **Medical Facilities :**

- Nutritious Diet Plan:

- Vocational Trainings :

- Special Education :

- Formal Education:

- **Non Formal Education:**

- **Counselling:**

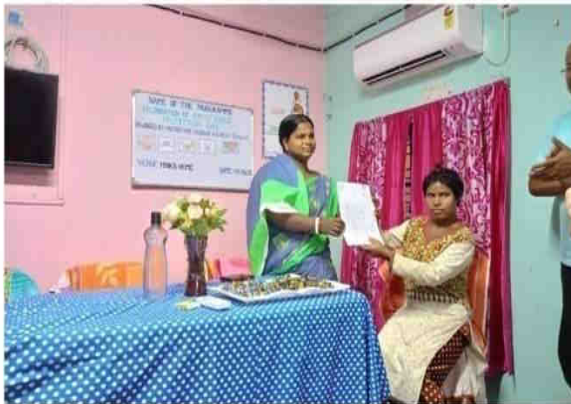

- **Individual Counselling:**

- Group Counselling:

- Drawing:

- **Cultural Activities :**

- **Yoga Training:**

- **Restoration, Repatriation & Rehabilitation :**

- Special Days Celebration :

- Historical Place Visit:

- Children Suggestion Box (Moner Kotha):

- **Indoor Picnic Celebration:**

- **Staffs under Mission Vatsalya to facilitate facilities to the CWSN girls:**

Under the Mission Vatsalya the organization get 1 residential Superintendent, 2 Counselors, 2 Child welfare officer, 4 House mothers, 2 Special educators, 2 Educators, 2 Nurses, 2 Para medical staff, 2 Store keeper cum accountant, 2 House keeper , 4 Cooks, 2 Art & craft& activity Teacher, 2 Care taker cum vocational instructor, 4 Helper cum Night watchman. MNKS have a hard working and dedicated team to work for the development of its children with special need girls. Talent wins games, but teamwork and intelligence win championships.

- **Security arrangements:**

The organization secures its children from the evil eyes of the society by preparing a proper boundary wall construction. MNKS has a gate keeper and four night guards alternatively to take proper security measurement. 25 CCTV cameras are also installed all over the home premises and boundary walls so that it can prevent any kind of bad situation. Staffs are also directed to monitor CCTV cameras for 24 hours.

5. 'Helping the poor and needy children', in collaboration with Shamdashani Foundation-

This donation is helping us from the very first time to buy specialized equipments like, flash card, Charts, Posters, Maps, Diagrams, Graphs, Photographs, Cartoons, Comic strips, used as teaching learning material for the children with special need.

5. 'Multi Service Center for Disabled Orphan Children' in collaboration with Lilabati and Phanindranath Day Memorial Trust :-

We have been running a Multi Service Center for Disabled Orphan Children' for tribal dropouts with special need children in collaboration with Lilabati and Phanindranath Day Memorial Trust and have been providing service to the backward tribal children with special need in our locality. The crech centre is situated at Gokulpur village under Palshya Gram Panchayat of Kharagpur-II Block in the district of Paschim Medinipur. There are 54 nos. of beneficiary in our Multi Service Center for Disabled Orphan Children' center. We have been trying to make them teaching and learning through non formal way.

Not only that we are also make them teaching and learning about daily life and drawing and dancing and Yoga practice and also soft skill vocational training with the help of Special Educator, Drawing Teacher, Music and Dance teacher, Yoga Teacher ,Vocational instructor. The process of teaching and learning is continued for the development of tribal dropouts with special need. It is possible only for the assistance of Lilabati and Phanindranath Day Memorial Trust.

Some moments of the teaching and learning process is mention below:-

6. Awareness Generation programme:-

- ❖ Awareness programme on basic rights of a child & Women.
- ❖ Awareness programme on rights of a person with disability & tribal women.
- ❖ Awareness generation programme on various governmental schemes.
- ❖ Awareness generation programme on Anti-human trafficking.
- ❖ Awareness programme on animal welfare.
- ❖ Awareness programme on horticulture.
- ❖ Awareness generation programme on consumer affairs.
- ❖ Awareness programme on safe environment.
- ❖ Awareness generation programme on road safety.

7. Income generating programmes:

• Duckery project:

The Organization runs a duckery project in its campus for generating income. It's easy to make a standard profit from duck farming. Duck farming is also become a stable employment source. He said many people commercially raise ducks on a small scale to get meat or eggs.

• Fish cultivation:

The organization has its two owned lake in its campus. Fish cultivation is no doubt profitable. This is especially so when we feed at the low end of food chain or when cheap but nutritious ingredients are used in making fish feed.

• Dairy:

Dairy is a universal agricultural production. Milk is produced daily and therefore can provide regular cash income. Milk is a good source of thiamin, riboflavin and vitamin B12. Milk contains small amounts of niacin, pantothenic acid, vitamin B6, vitamin C, and folate and is not considered a

major source of these vitamins in the diet. Milk contains the fat soluble vitamins A, D, E, and K.

- **Horticulture :**

The organization has its own land in a huge amount. They cultivate seasonal vegetables by using vermin compost. They engaged local youth to take care of the garden and therefor the agriculture. Local tribal youths are employed as the workers.

- **Welfare programme**

(i) SHG Capacity Building:

The Organization has conducted various capacity building programmes for the development of women, to make them economically independent and self sufficient, that they can help their family to run smoothly and come out from their struggle to lead a healthy life.

(ii) Old age welfare:

The Organization has conducted old age welfare programmes for the development of old age people that they can earn something for their family and to erase the thought that they are burden for their children's family. To minimize the old age problem, organization runs counseling sessions by giving them mental relaxation.

(iii) Help to poor and needy children: The organization helps the poor and needy children by giving them book, notebook, pen, pencil, & eraser that they could read carefully without facing any obstacles and pray for their better future.

Our future Programme:-

1. Home for Children with special need under Mission Vatsalya at Jhargram & Bankura District.
2. Special School for Persons with Disabilities (PWDS).
3. Income Generation Programme for Persons with Disabilities, ST, SC, Women SHG Members.
4. Mobile Dispensary for ST community.

5. Coaching Centre for SC, ST, OBC Student.
6. Oldage Home Programme.
7. Swadhar Greha for women in distress.
8. Integrated child development programme.
9. Residential schools for scheduled Tribe girls and Persons with Disabilities.
10. Integrated Tribal development Project at Jhargram & Bankura District.
11. Cultural programme for Tribal youth.
6. Practice of indigenous, cost effective health services in AYUSH mode.
