ROBERT KANAN BALA SMRITI SEWA SANSTHAN

(An NGO actively working in the state of Chattisgarh)

(As proposed by the Secretary Sapna Choubey in the council)

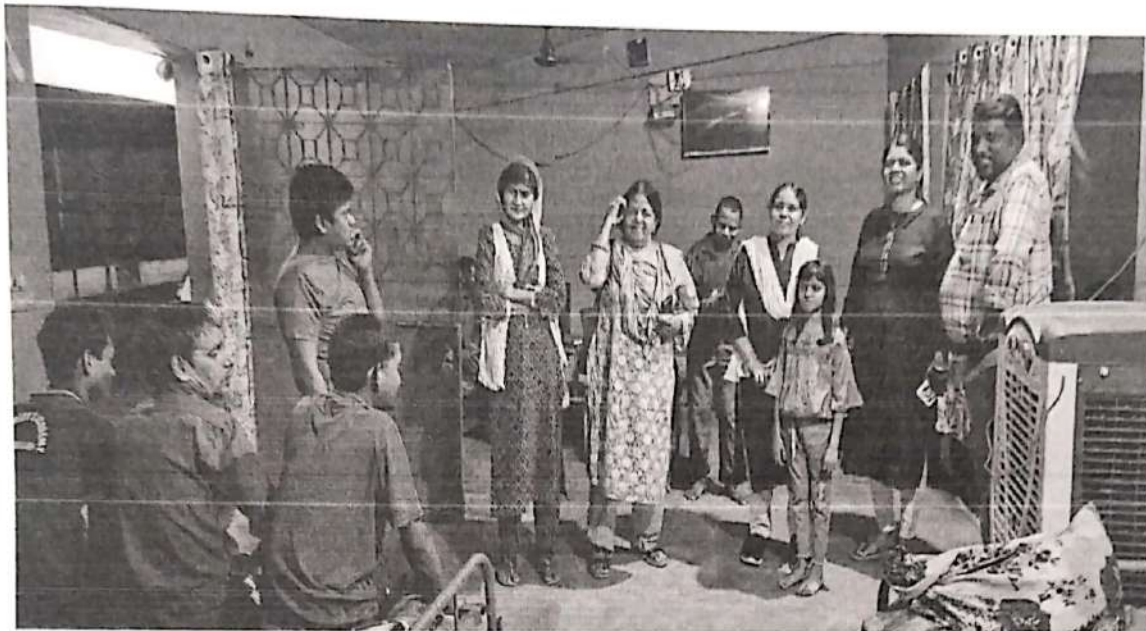

My greetings to all the council members along with President. This year we had tried to take forward all the good work & we could achieve few milestones but still there is lot to achieve and in the forthcoming year we will be able to do so. Before I spell out achievements I would like to take this time to give or sincere thanks to those employees who have resigned due to some personal reason, they have been an associate in our journey of success & we wish them all the success in their future. Now I would like to spell out few achievements that we have achieved this year.

- As per our priority we have been able to provide vocational training skills to people with disability in Village Madai of Marwahi Tehsil in Gaurella-Pendra-Marwahi district in Basic Tailoring course free of cost in order to make them skilled worker and earn their living through it but due to low admission we couldn't send the proposal to the department and for the year 2025-26 we are looking forward for admission.
- All the festivals and special days /occasions were celebrated with lot of enthusiasm and made the occasion a grand one.
- Republic Day & Independence Day was celebrated with great fervor in its spirit at organization campus.
- We could carry all the good work at Gharounda Aashray Grah for Male and Female at Manendragarh Tehsil in MCB District.
- We could carry all the good work at Aastha Nikunj Vridha Aashram for Male and Female at Ambikapur Tehsil in Sarguja District.
- We were able to organize several camps for Scouts & Guides in Bilaspur District.
- We were able to organize annual sports & cultural activities for two days which was fantabulous.
- We are looking forward to shift Gharounda Aashray Grah female at Manendragarh to a new & spacious campus which is under construction and would be completed soon.

These were few milestones that we had achieved in the concluded financial year 2024-2025, but I can assure the council that the year 2025-2026 would be much more promising and we hope for the best.
