

ANNUAL 21
REPORT 22

Dear Friends and Well Wishers

It is really a pleasure for all of us to present our Annual Report with all details of our activities during 2021 - 2022 before you.

The initial months of the said year was very turbulent due to Covid - 19 situations. Many of us have lost our dear and near ones. Like other countries, we also suffered economic burden, hardship and delaying for management of chronic illness.

But the virus could not defeat spirit of the human race and ultimately we have overcome the grim situation and started with neo-normal life - but we need to remain guarded against the virus.

We believe that if someone has good will, support will automatically come. And that has exactly happened during last one year as in spite of Covid - 19 situations, we could go on adding new healthcare activities for needy people.

Looking at the high ratio of malnourished children in Gujarat, we have started a project named "RIGHT TO LIVE" in association with AMC and started taking care of malnourished children by providing diagnosis, treatment and nutritional food supported by valued donors.

We have also started TKR & Cochlear Implant surgeries at highly subsidised cost to the patients with support from respected donors.

Supported by respected donor, we have been organising outreach camps under the project named "REACH - Raise Early Awareness for Community Health" doing early screening for diabetes, breast cancer, cervical cancer, congenital birth defects in different parts of Ahmedabad and other areas and subsequently providing treatment as needed.

We express our gratefulness to all esteemed donors and doctors who have been continuously supporting us for different projects.

We intend to include more modern medical equipment in the coming days to provide better and subsequently the best medical treatments to the patients.

Last but not the least, we convey our gratitude to all our esteemed Donors, Doctors, Volunteers, Trustees, Committee Members, Yuva Team Members, well-wishers and the staff members for their contribution - involvement - support all these long years to make Health & Care Foundation what it is today.

Our heartiest regards to all

Dr. Kalpan Desai

HEALTH & CARE
FOUNDATION

NATIONAL HEALTH MISSION DISTRICT EARLY INTERVENTION CENTRE

Recognized by Government of Gujarat

For Treatment of Congenital Birth defects and Other Pediatric Conditions

Health and Care Foundation have more than 35 Years of experience in the field of congenital birth defects. Considering our expertise , Government of Gujarat has approved the hospital as DISTRICT EARLY INTERVENTION CENTRE (DEIC) since 2015; under this banner, the hospital has been rendering complete diagnosis, treatment and surgery for 28 types of congenital birth defects.

Developmental Dysplasia of the Hip
Pre - Post

Cataract Pre - Post

PROJECT - RIGHT TO LIVE MALNOURISHED CHILDREN A JOINT EFFORT OF HEALTH & CARE FOUNDATION AND AHMEDABAD MUNICIPAL CORPORATION

Out of 8300 Anganwadi children in South West Zone, 159 children are suffering from severe acute malnourishment and 601 are moderately acute malnourished children.

HCF in association with AMC has started providing supplementary nutritional food to strengthen ongoing nutrition supplementation program of children; most of mothers give a carry-away meal to other siblings due to poor economic condition of family. The gap between nutrition supplementation programs and follow-up are being taken care by HCF.

TOTAL KNEE REPLACEMENT

SUPPORTED BY - RMMMRT- MUMBAI

In our Hospital, people, who don't have MAA card or mediclaim policy or financially unstable, are supported by TKR surgery at nominal cost. Imported implant from Switzerland are provided by RMMMRT, Mumbai at free of cost.

From starting of TKR surgery since December 2021, till March 2022 we have performed 20 successful surgeries

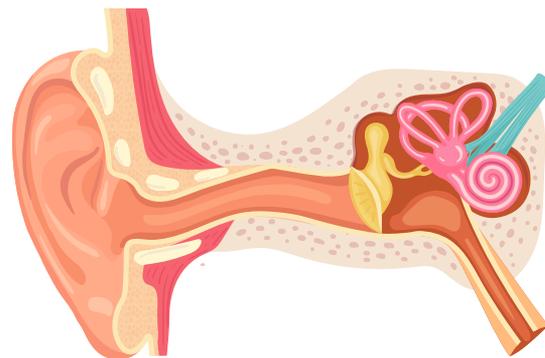

SHRAVYA C I (COCHLEAR IMPLANT) PROGRAM

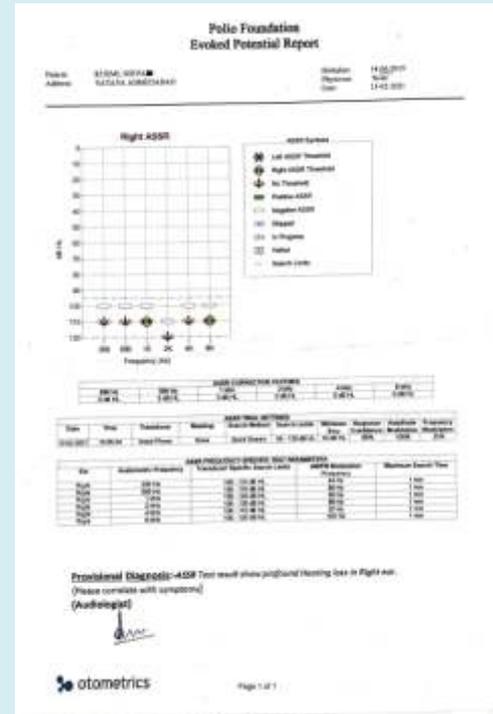

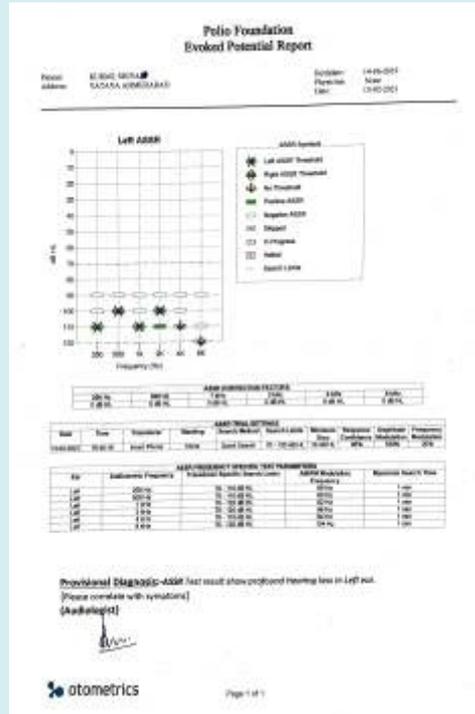

SUPPORTED BY - RMMMRT- MUMBAI

Cochlear is a sensory organ of hearing. It is a snail shaped located in the inner ear and is filled with a fluid which moves to vibrations from oval window. It is responsible to convert sound waves into electrical impulses then directing to auditory nerve.

For children up to 3 years' age who are unable to hear, with help of RMMMRT and expert surgeons, HCF organize corrective surgeries.

We have started cochlear implant surgery in January 2022 & till March 2022 we have performed 17 successful surgeries.

REACH (RAISE EARLY AWARENESS FOR COMMUNITY HEALTH)
OUTREACH SCREENING CAMP FOR DIABETES, BREAST CANCER, CERVICAL CANCER, CONGENITAL BIRTH DEFECTS
 SUPPORTED BY - CREST DATA SYSTEMS PVT LTD.

Screening camps started from 17th March 2022

Looking at the need of the hour, Health and Care Foundation with support from Crest Data Systems Pvt. Ltd is engaged in organizing free outreach camps for

Screening of Diabetes and Follow up for Secondary Investigations & Treatments

Screening for Early Detection of Breast Cancer

Screening for Early Detection of Cervical Cancer

Screening for Congenital Birth Deformities in Semi-rural or Rural Areas.

OUTREACH CAMPS

COVID MANAGEMENT CENTER

Lions Clubs International - District 3232 B1 & District 3232 B2

To cope up with effect of Covid 19 in emergency, HCF with support from Lions Clubs International and District 3232 B1 and District 3232 B2 has established Covid Management Center to help needy patients.

OXYGEN CONCENTRATOR SUPPORT

ENT UNIT

SUPPORTED BY - UNISON PHARMACEUTICALS PVT LTD

ENT specialists identify, manage, treat and perform surgery for ear, nose and throat problems. We have equipment like endoscopes, operating microscope and surgical instruments.

In our hospital several type of hearing tests like, OEA, BERA, ASSR, Impedance audiometry and pure tone audiometry are performed in sound proof room with modern equipment at either free of cost or at highly affordable cost.

PEDIATRIC ORTHOPEDIC UNIT

SUPPORTED BY - SHANTABEN KANTIBHAI PATEL (PATDIWALA)

The pediatric Orthopedic Unit at HCF provides a broad range of care for congenital birth disorders of the skeleton, joints and muscles in children. The hospital has all the facilities to perform such surgery, including the modern operation theater with modern equipment. After surgery, we also provide calipers as per the requirements of beneficiary.

Before

After

CLUBFOOT CLINIC

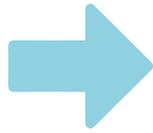

SUPPORTED BY - SUSHILABEN MANUBHAI PARIKH

Clubfoot is a congenital deformity in which an infant's foot is turned inward and downwards and approximately one infant in every 1,000 live births will have clubfoot.

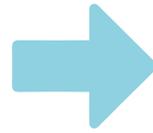

At HCF, club foot deformities are successfully corrected with non-surgical Ponseti method followed by splints and physiotherapy. After casting period, few number of babies require tenotomy surgery to release tightness in the achilles tendon.

Pre Treatment

Ponseti

With Splint

SPINAL CORRECTIVE UNIT

SUPPORTED BY - DR. NITIN SUMANT SHAH - HEART FOUNDATION & RESEARCH INSTITUT

The Spinal Corrective Unit at Health & Care Foundation takes care of children suffering from congenital spinal problems by corrective surgery supported by modern equipment and facilities. Surgeries are critical, with duration of around 4 to 8 hours depending on severity and these are expensive. In our hospital, surgeries below the age of 18 years are done free of cost or at affordable cost

Every year, team of spinal experts comes from USA & UK to perform spinal surgeries to support us.

Before

After

CLEFT LIP & CLEFT PALATE

Cleft lip and palate are one of the most common birth defects. Cleft lips mostly seen in boys, while cleft palate is seen in girls and occurs about 1 to 2 per 1000 births in the world. Cleft lip and palate is surgically repaired in the hospital totally free of cost under expert plastic surgeons and supported by **KAMLA FOUNDATION, UK**. Surgery can significantly improve child's appearance, quality of life, and ability to eat, breathe and talk.

HEALTH & CARE
FOUNDATION

CEREBRAL PALSI UNIT

JIVRAJ PARK CENTER- SHAH CHIMANLAL CHHOTALAL LOKHANDWALA CHARITABLE TRUST
NIKOL UNIT SUPPORTED BY - LATE DR. J C SHAH & AHMEDABAD MUNICIPAL CORPORATION
DCU SUPPORTED BY - SMT. SHANTABEN JAYANTILAL CHOKSI, C/O. SHRI J. J.
CHOKSI

Our foundation has been running units for cerebral palsy children, which is usually neglected by community. Under this unit, we have been providing different type of therapies which help children to maximize their abilities and physical strength, prevent complications, and improve their quality of life and expert doctors perform regular diagnosis of the children to ensure their assessments and proper rehabilitation.

AUTISM UNIT

SUPPORTED BY - LATE SHARMISHTHABEN MANUBHAI SHAH (BADARPURWALA)

Autism is a complex neurological disorder impacting the normal development process of the child. Usually, it is found in 2 children per 1000 live births. Children become hyperactive due to autism.

Our intervention covers Behavioral Therapy, Speech Therapy, Social Skills Training, Yoga and Meditation Therapy, Sensory Integration (S.I) Therapy, and learning Alternative mode to develop communication skills.

VOCATIONAL TRAINING CENTRE

SUPPORTED BY - SHREE GUJARAT VAISHYA SABHA

Vocational Training Unit helps in developing grown up special child's unique capabilities while helping them achieve economically independence. In this department, we have been providing training to disabled & mentally retarded persons above the age of 18 years so they can prepare different items such as Paper Bags, Rakhis, Foot Mats, Diyas etc.

HEALTH & CARE
FOUNDATION

CHILD MAL-NUTRITION TREATMENT CENTER (CMTC)

SUPPORTED BY - SRIMATI MANJULABEN JAYANTILAL SONI

A JOINT EFFORT OF HCF AND AMC

CMTC center is an exclusive 6 bedded ward, where we provide highly nourished balanced food having rich protein and vitamin for mother and the child. Coordination and follow ups through Anganwadi workers; the unit is managed by expert doctors and trained staff.

**PRAVINBHAI
BALUBHAI
CHARITY TRUST**

*The end result of kindness is that it
draws people to you*

- Anita Roddick

OPHTHALMIC DEPARTMENT

As India has the highest number of visually challenged persons in the world, the importance of this unit is immense. Visual impairment has various causes, but it is felt that over 75% of cases could be prevented if treatment made available.

We have been providing all facilities under one roof for prevention of blindness through investigations, treatment and advanced surgery for all age group of patients. Under this unit, General eye check-ups, vision test are done in the OPD and necessary surgeries done by expert consultants. All these facilities are provided either free of cost or at highly affordable cost with help of modern equipment and expert ophthalmologists and surgeons.

Under this department we have units for

**CORNEA
GRAFTING**

**GLAUCOMA
ISSUES**

**RETINAL
PROBLEMS**

**ORBIT AND
OCULOPLASTY
SURGERY**

INVESTIGATIVE DIABETIC RETINOPATHY CLINIC RAMANGOURI AND HIRALAL SHAH

SUPPORTED BY - HIRALAL J SHAH CHARITABLE TRUST

Diabetics often suffer from the growth of new blood cells from the retina into the vitreous humor, which cause bleeding and stretching of the retina. Early diagnosis can preempt surgical intervention; HCF provides OCT procedures and advanced cases are treated by laser and injection at HCF.

SCREENING OF DIABETIC RETINOPATHY AT OUTREACH CAMPS

SUPPORTED BY - SMT SMITABEN AND SHRI KIRITBHAI SHAH (USA)

Diabetic retinopathy is diagnosed in outreach camps and subsequently treated in our hospital by way of laser therapy and injection as needed.

RETINOPATHY OF PREMATUREITY

SUPPORTED BY - PARAMPUJYA ACHARYA SHREE KALYANSAGARSURISHWARJEE MAHARAJ SAHEBAMOLA SURENDRABHAI MANGALDAS KACHRABHAI PARIVAR (TINTODAVALA)

Retinopathy of Prematurity (ROP) is a premature infants when normal blood vessels fail to complete their growth cycle to the edges of the retina. In its advanced stages, the untreated disease can result in permanent and complete blindness. Retinopathy of Prematurity is the leading cause of childhood and infant blindness in the world.

High-risk infants are screened by our technical team with special camera and treated as required to avoid blindness by Retinal surgeon.

PEDIATRIC OPHTHALMOLOGY UNIT

SUPPORTED BY - SHETH HARILAL HARIVALLABHDAS TRUST

Since the visual system is in a developing phase in childhood, hence it is imperative that any eye disorder in children be identified and rectified as early as possible. Pediatric Ophthalmologists treat eye defects like Cataract, Squint, Glaucoma, Keratoconus in children at free of cost.

CENTRE FOR DIABETES – AWARENESS AND DETECTION

SUPPORTED BY - LALJI MEHROTRA FOUNDATION

India has the highest number of diabetes patients in the world – irony is that Gujarat's diabetes ratio is higher than all India average. CENTRE FOR DIABETES run by our trust to organize outreach screening camps in community places for diabetes. After primary screening, if found positive, patients are advised to come to our hospital for all secondary investigations which are done totally free of cost. We organize awareness seminars, talk-shows also for prevention of diabetes. We also run a **Diabetes club** to help the patients continuously on long term basis under Diabetics Membership Card.

Secondary investigations just INR 100/-	Tertiary care Treatment Just INR 500/-
FBS / PPBS 6 times in a year	Heart 2D Echo
Physician Reference 4 times in a year	Kidney Electrolytes (NA+, K+, Cl)
Eye Fundus Check-up 2 times in a year	Kidney Sonography of Kidney
ECG 2 times in a year	Eye FFA or Fundus Photos + OCT
Serum Creatinine 1 time in a year	Foot Podiascan and Thesiowin

DIABETIC FOOT CLINIC

SUPPORTED BY - MADHURAM

Our diabetic foot clinic provides all facilities by modern computerized foot equipment and specialized consultants. Regular follow up can save the complications of diabetic foot. Beside this, in our modern workshop, we prepare diabetic foot ware and foot insoles at a very affordable cost.

JUVENILE DIABETES CENTRE

SUPPORTED BY - SOPHOS

Type 1 diabetes is fatal unless treated with proper care and insulin. We have been treating all kids by most common method of administering insulin. We provide them insulin at subsidized cost supported by Donors.

Dialysis Unit

UNIT-1
LATE LALIT SHAH DIALYSIS UNIT

SUPPORTED BY:
LATE SUDHIRBHAI SARABHAI CHOKSI
FAMILY & PRAVINBHAI BALUBHAI
CHARITY TRUST

UNIT-2 & 3
PRAVINBHAI BALUBHAI CHARITY TRUST

We have been providing dialysis procedures to needy people by modern equipment, under experienced dialysis technicians and expert doctors at free of cost for MAA and PMJAY card holders and at nominal costs for others.

WOMEN WELLNESS CLINIC

SUPPORTED BY - SMT KALABEN ARVINDBHAI NANAVATI

Supported by - LATE DHANLAKSHMIBEN MANILAL RANCHDDAS

Breast Cancer and Cervical Cancer is the most common cancer in women and the second most common cancer to cause death in women. We provide all types of sonography and mammography at HCF

I-BREAST EXAMINATION AND AWARENESS CAMPS

SUPPORTED BY - SHILP GRAVURES LTD

Device Supported By - U & U LTD -UK A NEW WAY TO DETECT BREAST CANCER

HCF regularly conducts Outreach Breast Screening Camps for awareness and early detection of Breast Cancer by i-Breast exam device in and around Ahmedabad city. Those who need additional investigation, we counsel them to attend hospital for tests like Mammography and Sonography of Breast.

MULTISPECIALTY DIAGNOSTIC CLINIC

SUPPORTED BY - SHRIMATI KALABEN ARVINDBHAI NANAVATI

Understanding the high cost of Specialist Services, we run Multispecialty Diagnostic Clinic. Under this clinic, we have been offering services like Gastroenterology, Pulmonology, Upper Extremity Orthopedic, Nephrology, General Surgery, Pediatric General Surgery, Sonography, Cancer Pain and Palliative Medicine & Dermatology which provide diagnostic facilities at highly subsidized rate.

DENTAL UNIT

SUPPORTED BY - SMT. CHANDRAVATIBEN CHIMANLAL SHAH - SHRI C.C. SHAH (BAUSHIR M. MARFATIA AND CO.) FROM HIS FAMILY AND SHRI PARSHWANATH CAHRITABLE TRUST AND SHRI MAHAVIR TRUST - SMT. AMLABEN AND SHRI RAJESHBHAI C. SHAH AND PRABHAVATIBEN HIRABHAI BHAGWATI

A fully integrated Dental unit providing sustainable solutions in the field of Dentistry having state of the art infrastructure, Equipment & Instrumentation, world class procedures. We have been providing facilities namely Root canal, Ceramic & Metallic cap, Filling, Scaling, Extraction, X Ray, Denture, Implants, Periodontal Surgery, Ortho Treatment, Veneers (Smile Designing) etc. treatment at highly affordable cost.

PAIN MANAGEMENT CLINIC

Our pain management clinic provides comprehensive care for people living with chronic pain, for whom medication & other therapies are ineffective. The cause of pain is thoroughly analyzed by qualified pain physicians & treatment options like medication and different procedures, therapies- sometime by Injection, Ozone therapy, Radio-Frequency therapy are provided as per need.

PEDIATRIC DIAGNOSTIC UNIT

SUPPORTED BY - SMT SMITABEN AND SHRI KIRITBHAI SHAH

Children are diagnosed, investigated and treated for different diseases by expert pediatrician under this unit at very nominal cost

HEALTH CHECKUP CENTER

SUPPORTED BY - LATE SHRIMATI KANCHANGAURI JAMNADAS SHAH

To prevent the onset of diseases and illness, it is important that you build the foundation of a strong protective wall. We have been providing health checkup facilities including blood test, kidney and liver function test, thyroid test, ECG for cardiac, X ray, Eye checkup, Dental checkup at highly nominal cost

GENERIC MEDICINE CENTRE

SUPPORTED BY - MAHALAXMI MATA TRUST (PALDI)

HCF help needy people who buy medicines by providing them access to genuine generic medicines at discounted prices. We are highly thankful to Shri Bipinbhai Shah and Mahalaxmi Mata Trust (Paldi) for their generous support.

RADIOLOGY UNIT

Radiology unit provides X ray chest, Upper – lower limb and spine x ray by modern equipment, In addition we provide 2D Echo, Ultra sound sonography.

PATHOLOGY UNIT

SUPPORTED BY - SULOCHNA C DALAL

Our pathology laboratory is always focusing on quality testing, timely report to provide early treatment. All types of blood and urine investigations are done with best modern equipment using quality reagents at highly nominal cost.

PROSTHESIS AND ORTHOSIS WORKSHOP

We have been preparing different types of splints, high tech limbs, calipers, spinal braces, diabetic foot wear, insole and artificial limbs for needy people at nominal cost at highly subsidize rate.

MUSCULAR DYSTROPHY UNIT

SUPPORTED BY - LATE SADGUNABEN RATILAL ZAVERI

We run Muscular Dystrophy unit which is basically incurable diseases with support from INDIAN MUSCULAR DYSTROPHY SOCIETY AND RESEARCH CENTER and we have been providing our best for unfortunate patients as well as medicines under this mission.

GENERAL PHYSIOTHERAPY UNIT

SUPPORTED BY - UGARCHAND PATEL

We provide advanced assessment and therapies to address neuro-musculoskeletal injury and dysfunction. We provide rehabilitation solutions utilizing an individualized, single or multi-disciplinary approach to do maximum acquire function at work play or activities in daily life.

SENIOR CITIZEN CENTER

SUPPORTED BY - RATIBHAI G PATEL

Our motto is to provide a holistic service to ensure physical, mental and social wellbeing of senior citizens. We provide facilities such as entertainment, yoga, once a month blood sugar check, every week blood pressure measurement, indoor games and library.

VACCINATION CENTER

SMT SMITABEN & SHRI KIRITBHAI SHAH USA
PRAVINBHAI BALUBHAI CHARITY TRUST
AHMEDABAD MUNICIPAL CORPORATION

The vaccination center is providing vaccinations and plays a vital role to improve the health status of community. Cerebral Palsy Unit

Report – Year 2021-22

Activity Report for the year

Number of children

Early Intervention – 65

Autism - 14

Day care unit - 23

Vocational Training unit - 12

This time due to covid no activities were carried out. Children who required regular therapy were called twice a week to the centre. Therapists gave the therapy wearing masks & hand gloves. Children and parents were allowed with masks. All the furniture and equipments were after each therapy sessions; the OPD also was not there. This type of situation continued ever after October'22. Only routine actives of therapy, vocational training were carried out with social distancing

Creative activities for special children completion of 21 years of our unit

Navratri - Garba celebration

World Epilepsy Awareness Day - Integrative session with Neuro pediatrician for parents and professionals.

During the year in our unit all the festivals of the year are being celebrated with all the fun and enjoyment by children, parents and staff. Children even celebrated teachers day by becoming teachers them self and teaching in the class.

Festival Celebrations

Picnic and Many more

Yoga Day and sports events
