Vikas Tantra Niketan, Jalgaon

Since the academic year 1993, higher secondary business courses have been started in the institute and it includes three business courses. The said business courses are affiliated to the Board of Secondary and Higher Secondary Examinations.

1) Construction Technology :-

The course deals with the skilled manpower requirements in the construction sector. This course covers all the subjects related to construction sector. Subjects are taught through Marathi. After studying in the said course and passing class 11th and 12th, employment and self-employment opportunities are available to the students through government and private channels.

Students who have passed this course are helped to earn money through self-skills especially in the fields of government contractor, site supervisor, plumber, painter, mason, centering craftsman etc.

In the academic year 2023-24, 10 students of class 11 and 16 students of class 12 are admitted. 5 out of 8 students passed the Higher Secondary Certificate Examination conducted in March 2024. Out of these 1 student is serving in private management, 2 students are self employed and 2 students are pursuing higher education.

2) Marketing and Retail Management :-

The course deals with the skilled manpower requirements in the commerce and trade business sector. This course covers all subjects related to commerce and trade sector. Subjects are taught through Marathi. After studying in the said course and passing class 11th and 12th, employment and self-employment opportunities are available to the students through government and private channels.

The students who pass this course have employment opportunities especially in the field of Bank Representative, Marketing Representative, Sales Representative, Insurance Representative (Salesman) etc. due to self-skilling.

In the academic year 2023-24, 10th year of class 11 and 13th year of class 12th are admitted. 8 out of 12 students passed the Higher Secondary Certificate Examination conducted in March 2024. Out of these 3 students are serving in private business management, 2 students are self-employed and 3 students are pursuing higher education.

3) Child, Old Age and Health Care:-

The course deals with skilled manpower needs in childcare, aging, and health sectors. Mainly the enrollment of girls in this course is high. This course includes all subjects related to child care, old age and health sector. Subjects are taught through Marathi. After passing 11th and 12th standard after studying in the said course, the students get employment and self-employment opportunities in the government and private health sector.

Students who have passed this course have employment opportunities in childcare centers, nursing homes, nursing homes, private hospitals, anganwadis and nutrition etc. due to their self-skills.

In the academic year 2023-24, 5 students were enrolled in class 11 and 11 students in class 12. 05 out of 08 students passed the Higher Secondary Certificate Examination conducted in March 2024. Out of these 1 student is serving in private health management, 2 students are self employed and 2 students are pursuing higher education.

As all the above three business courses are practical based, the students benefited from various visits related to the course, on-the-job training from time to time.

Gurukulam Global School, Jalgaon has classes up to 5th standard and 392 students are studying in this school.

Educational materials, furniture, abundant and clean water supply, water cooler, filter water tank, electricity supply, sports equipment, color television set, computer room, laptop, table-chair, projector, CCTV, inverter etc. Materials have been made available.

During the reporting year, the school celebrated Rakshabandhan, Independence Day, Ganeshotsav, Republic Day and various great people's birthdays - Punyatithi, Ashadhi Ekadashi, Diwali, Christmas, Janmashtami, Guru Poornima, etc. Also, sports competition, painting competition, story-telling competition, poetry competition, Hindi Day, Show and Tell, Ad Mad

competition, handwriting, science exhibition etc. competitions were conducted. Good Touch - Bad Touch, Vegetable Day, Foot Day, Shape Parade, Annual Reunion, Non-Fire Cooking etc. Various activities were implemented. Mrs. Nalini Patil for science exhibition and Mrs. for Good Touch - Bad Touch activity. Neha Agarwal was present.

During the year under report, an industrial field visit was conducted at Parle G Factory, Jalgaon to enhance the medical attitude of the students. Also the children of the playgroup were taken to the kids zone.

Participation in Survey Work For Annual Status Of Education Report (ASER). -

Our Institute had conducted this activity in Jalgaon District with Pratham Foundation a well known national level organization to assess status of primary education in country.

Our trained volunteer teachers Mr. Rahul Patil were coordinate and master trainers of the training course. We trained 31 Surveyors (MSW Student For Kaviyitri Bahinabai Chaudhari North Maharashtra University Social Work Dept. Jalgaon) for conducting the educational survey. Institute successfully conducted the survey for 120 villages 15 Talukas in Jalgaon District.

Also, the all department teaching and non-teaching staff have planted and conserved various trees in the school premises during the reporting year. For this, the officers and members of the executive board always get guidance and support.

During the reporting year, the office bearers, directors, members, parents and persons, organizations, who helped from time to time, got support and guidance for the institution and the school from time to time.

I thank all the people who visited , guided and donated generously to the organization and supported in different areas of training to the staff and students also the organization who has given us opportunity to get an offer on job training in their organizations it was impossible without help of such a generous society and I assure you that we can deliver better in the coming year.
