

# ***Srajan Spastic Society***

Opposite Kapilashrmi Dharmasala, Pilikothi, Haldwani (Nainital) Uttrakhand.  
263139.

## **Annual report 2022-2023**

Srajan Spastic Society is a registered organisation and working since 2006 for welfare of people with disability, for which society runs-

1. Special School cum Rehabilitation Centre.
2. Vocational training units for
  - a. School chalk - black and white as well as coloured chalk.
  - b. Office file- cobra and tag files.
3. Awareness generation among communities.
4. Visits Universities colleges and colleges run by state Government to understand disabilities and specially National Trust's disability (CP, ID, ASD & MD) for which we have trained staffs.

This year society has diagnosed 27 new beneficiaries among village community's awareness. Out of which The National Trust beneficiaries were -

- |  |      |
|--|------|
| 1. Children with intellectual disabilities | : 10 |
| 2. Children with cerebral palsy            | : 03 |
| 3. Autistic Syndrome Disorder              | : 05 |
| 4. Multiple Disabilities                   | : 02 |

Total beneficiaries in society were as follows-

- |                            |      |
|----------------------------|------|
| 1. Early intervention      | : 05 |
| 2. Pre-primary students    | : 08 |
| 3. Primary students        | : 05 |
| 4. Pre-vocational students | : 06 |
| 5. Vocational students     | : 04 |

### **Few pics of beneficiaries**

#### **Therapies**

A child with multiple disability receiving appropriate comfort therapies to manage her balance and stop unrequired movements of hands and feet.

a child with intellectual disability learning appropriate walking therapies to understand how to cross hurdles at road, street and at home.

## Education

A special educator teaching activities of daily living to students with ID, ASD & CP.

Teacher teaching eye-hand coordination so they can use the skills in future after being perfect.

## Pre-vocational

Beneficiaries learning pre-vocational training i.e. wash hand after skill learning and before taking meal.

Pre-vocational beneficiaries learning how to dry tag & cobra files under sun, make line of wet products to consume minimum space.

## Vocational

Vocational children are learning maths by packaging of chalks in appropriate boxes, here they learn counting of chalk, colors of chalks and selection of right box to fill chalks, socialization and friendliness and helping each other with the help of special educator.

A beneficiary learning how to print logo and other matters on file, learning how and how much ink required / color & black and print material/s designing on cobra & tag files

## Products

This year society was able to sold 250 cartoons (each cartoon contains 50 boxed of 40 chalks sticks). The benefit was distributed among beneficiaries as gifts in form of cloths, ediables and picknic to Jim Corbett National Park.
